MILDRED L. JAYNES

Shimer College Record

"Published by Shimer College in January, April, July, October, November. Entered December 7, 1951 at Mount Carroll, Illinois, as second class re-entry under the authority of the Act of August 24, 1912, as amended by the Act of

August 4, 1947."

VOLUME 45

OCTOBER, 1953

NUMBER 4

Editor, A. BETH HOSTETTER

From President Brumbaugh

Shimer College enters the second century of its history, its future planned be in challenging terms. The program in general education, introduced in 1950, which is well launched, must be expanded and refined as conditions and experience dictate. The financial structure of the institution must be expanded and re-enforced. Large endowments do not necessarily make great institutions but great institutions must have ample funds to enable them to secure outstanding faculties and to conduct distinguished programs of education. Regularly recurring contributions to the College constitute the equivalent of income from endowment. The plan for Living Endowment, therefore, has large possibilities and must be supported by growing numbers of friends alumni.

The anticipated increase in enrolments of college students during the next few years raises the question, what should be the maximum size of Shimer College in order that it may carry on its work most effectively? The writer has urged all along that the trustees think in terms of an enrolment of 400 students. Obviously, this increase in enrolment will require an increase in the physical plant. New dormitories with additional dining hall and recreational facilities will be needed, the gymnasium will have to be enlarged, library facilities will have to be increased, and additional classrooms and equipment will be required. Recognizing the service that Shimer College is in a position to render in the field of higher education, these projected needs should not appear to be visionary or impossible of achievement.

But whether Shimer moves in the direction of enlarged enrolment and increased physical facilities, it must ever continue to move toward offering an educational program of the highest quality. Only by providing education of outstanding excellence can private colleges like Shimer justify their existence and the demands which they make upon their constituency for their continuing support.

Shimer College's 101st year opened this fall with a slightly larger enrolment than that of the preceding year. The students come from 27 states, the District of Columbia, Hawaii, and Korea. New students arrived during the day, September 20, and on the following day began a series of placement tests, the results of which will determine the actual course registration of each student. The year had its official opening with a special convocation Monday evening, September 28, which was addressed by President A. J. Brumbaugh. A full schedule of classes was in operation on September 29.

The Centennial Cantata

HIMER'S Centennial Arts Festival (May 8-11) reached its high point in a student performance of Frank Pooler's cantata, "America Was Promises," which had been commissioned by the College for this occasion. Based upon a long poem of the same name by Archibald MacLeish, distinguished American poet, Mr. Pooler's work is written for solo and choral voices with organ accompaniment; the musical sections of the work are connected by passages in which the verse is spoken alternately by a verse choir and by solo speakers.

As presented to a large and enthusiastic audience on the night of May 10, the cantata proved to be a vigorous and vivid composition with two principal themes in modern harmonic style. The first is a somewhat wistful recitative-like theme on a rising fourth, asking in various forms the question, "America was promises to whom?" The second is a sturdy rhythmic motif which anticipates the answer by tracing the shapes of the American dream and the movement of the people to the west. Throughout the work there are choruses of great melodic beauty contrasting with passages of effective solo recitative and the recurrent chant of the verse choir. The cantana ends with a thrilling climax as the chorus calls upon us all as living Americans to follow the pattern of our pioneer forefathers and take possession for us all of this great land of promises.

Interest in the production was enhanced for the alumni by the presence of Mme. Scott who sang the encore of one of the solos. It was a pleasure to hear again her rich well trained voice and feel her strong personality.

Records of the concert are still available through the office of the Dean of Students at Shimer to those who wish to contribute three dollars to the Shimer Choir Fund.

HE Alumni reunions planned for May brought many guests to the campus. One group that we had especially invited was the graduates of the old Mt. Carroll Seminary. There were 22 on the list whose addresses we knew and Mary Miles, '95, wrote a special invitation to each of them. Eight of them answered. It was a good idea but in the end no one of the group was able to come. Rose Glass who was on campus for a month writing the historical section for the July issue of the RECORD had attended the Seminary for two years and in point of time was the oldest graduate pres-

The Faculty Reunion was better. Jane Eby, Piano '41-'49, was the chairman of the group and from 104 personal letters she had answers from 32 and 11 of these were here. It was good to see Dr. and Mrs. Eldon Burke. They returned in March 1951 from their 8 year stay in Germany. Burke has been doing part time teaching at Manchester College and between times he and Mrs. Burke manage the Burke farm near Walkerton, Indiana. The marriage of Alice Burke to David Van Vranken Wend on August 29, 1953 in Walkerton, Indiana was recently announced. Mr. and Mrs. Wend will be living in Ames, Iowa.

Other faculty members whom we do not often see in Mt. Carroll were: Madame Scott and her husband Adrian Newens, colorful and sympathetic guests, Edna C. Dunlap, French and German '04-'07, who had tales to tell of the fire in '06, and Elsie Comstock Doyle, '05 class, and assistant piano instructor.

There were 10 names on the list for the class of '03. Six answered the invitation and two were present to receive a memento gift, Clara Louise Ackerman of Morrison and Mae Hammond Wolfe of Mt. Carroll.

The Centennial Record has had many appreciative readers. It was sent

as you know to all alumni who have paid dues to either the National Association or to local chapters and to those who have co-operated in non-organized Shimer groups. Following are some of the comments made by those who have enjoyed the July issue.

I have read the Centennial Record from 'cover to cover' and looked at the pictures many times. Now I want to tell you how much I enjoyed it and how very much I enjoyed actually being with you for the celebration. I'd like to commend Rose Glass on her most interesting article. Those who did not attend can get through the Record some, but only a small part, of the pleasure we who were there experienced.

A.C.J.

On my return from a short trip to Florida I found the beautiful Centennial Anniversary Record. I am delighted to have it and have already glanced it through — taken the cream off, so to speak — but I am looking forward with a lot of pleasure to reading it through. It brings back those far away days, but too it shows the immense progress Shimer has made.

An excellent job, and it will mean much to anyone who was, is or shall be connected with the institution.

H.N.

The July issue of the Record is a grand publication in very way and I am so glad to have a copy. The cover is so nice and the photographs are excellent, so varied and full of interest. I've really read the whole issue. The first part was as good as a 'best seller' but I did get slowed down on the 'Shimer College of Today' and shall reread some parts.

To Rose Glass: 'I have read your sketch of those four score years and marvel over your skill in giving such an all embracing account of such a long period in so small a compass of space. It is only equaled by your intelligent and loving appreciation of the aims and purposes of those who made the way.

To Rose Glass: Your history of the early days of Frances Shimer is the best piece of writing the Alumni News has ever produced. It was just delightfully written — both interesting and informative. You chose from the mass of material so wisely. You did a grand job."

S.M.A.

To Dr. Brumbaugh: Congratulations on your fine centennial celebration. A copy of the Centennial Anniversary Record has just come to my desk and brought me up to date. It is a fine Record and an excellent brochure.

R.D.H.

All members of the National Association or of Local groups will receive a copy of the RECORD free of charge. If you are not a member fill out the blank on the last page and send it to us.

FORMER FACULTY AND STAFF

Since it does not seem feasible to make a cut of The Shimer group in Los Angeles for the RECORD, the next best thing is to tell you of Mrs. McKee's great pleasure in seeing the photo. She wrote, "It gave me a real thrill; two old survivals from my own school days - Catherine Masten and Olive Hulsizer. Then Rena Eckern, Helen Huntoon, Pauline Hayward, Ada Ahlswede — who looks just as she did when she was in school. Eva Roberts, Ruth Cornelius, Winifred Inglis, Helen Carr, Mabel Dougherty and her sister Lou who used to visit her at school — and on down through the the list. It was almost as good as a reunion to see so many of the "scattered family." Too bad that there is not room for Mrs. McKee's entire letter. It is being sent to the Secretary of the Los Angeles Chapter. Perhaps they will have it read at their next meeting.

The Rev. George E. Hoffman (English, '37-'42) exchanged parishes from

SAMUEL JAMES CAMPBELL, MEM-BER OF THE BOARD OF TRUSTEES, SINCE 1924 AND PRESIDENT OF THE BOARD SINCE 1934.

July to September this summer with the Rev. Ernest L. Gordon, vicar of Christ Church in Battersea, England. Father Hoffman was accompanied by his wife, Martha Barnhart Hoffman, '25 and his mother, Mrs. George Hoffman of Wilmette. He has recently been named rector of St. Andrew's Episcopal Church at Paris, Ill.

Ellen Birkett, Shimer '38, who has been teaching in the Natural Sciences at Shimer since 1948, was married on August 15 in Mackinaw City, Michigan to Harry D. Thiers. Mr. Thiers is a member of the Faculty of Texas A. and M. university. They will reside at College Station, Texas.

Much interested help was given in collecting material for the historical account of Shimer by two faculty members, Clarence Millspaugh, English '40-'44 and Robert S. Burgess, Librarian '42-'43, in Albany, New York. Frances Wood and Cinderella Gregory were listed in the old records of the State Normal School at Albany as graduating on September 27, 1849.

Mr. Millspaugh is assistant to the President of the State University of New York, Albany, N.Y. and Mr. Burgess is Head of the Department of Librarianship at the State University College for Teachers at Albany. We were most grateful to these two former faculty members for the help they gave us.

L. Albert Wilson, (Dean '44-'49) from the American Embassy, Karachi:

"I have been handling the Training Program which has sent approximately 150 Pakistanis to the United States for advanced study or consultation and observation. We have found that this program is a pre-requisite" for success in any of the other projects in which TCA is working . . .

I have also been acting as Educational Advisor and have been instrumental in laying the ground work for the developmental programs in 10 educational programs in Pakistan. These

have to do with Agriculture, Forestry, Medicine, Engineering, Teaching and Business Administration."

Jacqueline Kramer is home from her two year term of service as Dramatics Director under Special Services of the Army. She has been resting at the Kramer summer home on Lake Huron and plans after a Shimer reunion in September with the "dirty eight" (Chafa, King, Molina, Elder, Bull, Geister, Frank) to spend a few days at Shimer.

Paul K. Miles died on March 29, 1953, in Savanna, Illinois, after a long illness. A prominent citizen and well known contractor of Savanna he was also a friend and benefactor of Shimer College. For ten years, 1933 to 1943 he was business manager and assistant treasurer of the college and gave without stint his energies and professional knowledge in behalf of the institution. He is survived by his wife, two sons and a daughter Ann, Mrs. Harvey Christenson, of Peoria.

Hugh Wilson died in his home in Mt. Carroll on July 2. He was born in Ayrshire, Scotland and came to the United States when he was 17. From 1922 he was employed by the Savanna Construction Company and moved to Mt. Carroll in 1933 where he was Maintenance Foreman at Shimer until he became ill in 1949.

COUNTY ALUMNI ASSOCIATION

• Interesting plans are being made for the meetings of the County Alumni Association this winter. The year opens with a 'gadget sale' to raise money for their scholarship fund and ends with the reunion picnic on campus in June when the new graduates are made members on the National Association.

Attention has been called to two errors in the July issue. On page 16, column 2, line 6 the word should be 'then' instead of 'than' and on page 48, line 5 should read Mr. S. J. Campbell instead of "Mrs."

MILDRED JAYNES

During her 25 years on the Shimer College Faculty Mildred Jaynes, through her work in Physical Education, has probably known intimately more girls than any other faculty member. She came to Shimer from Grand Rapids, Minn. where she had been instructor in Physical Education for three years following her graduation with an A.B. degree from Carleton College.

For several summers she took advanced work in special fields of physical education. Her work with the Red Cross swimming program was outstanding. Especially was she noted for her May Fete productions which drew huge audiences to the campus each year. She had received advanced training in dance in the Pavley Oukrainsky Ballet School and was able to get excellent results in the student productions at Shimer.

Since 1941 Miss Jaynes has been Director of Equitation for Shimer at the Glengarry Stables. Her station wagon will continue this coming year its daily trips to and from the stables carrying would-be blue ribbon winners.

In addition to her professional work Miss Jaynes has been active in many community enterprises, especially in promoting the Red Cross Blood Bank in the Mt. Carroll area.

Miss Pollard, English and Secretary to the President '16-'36, wrote four pages of reminiscences for the faculty reunion from which we have room for only a few.

"There are countless lovely memories, the Fourth of July Picnic that first year and meeting you and Henry Mackay who died that summer; the lovely walks; the picnics on Founder's Day; Mr. McKee's chapel talks . . . the Christmas party . . . the swimming pool; the Chapel speakers — Butler, Soares, Matthews and Amos Stagg . . . the flower beds I worked on; Celia and Emma; the pleasant times at Jessie's when she had her own house . . . the visit to

Jane Addams home; the dinner we had to greet the expected arrival of Madame Scott; what fun they all were!"

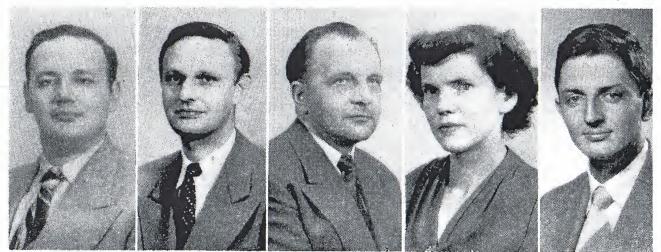

ELLEN FRANCKE IRWIN

Dear Alums:

They tell me that West Hall Lounge is now a delight to behold. So even though our Centennial goal was not fulfilled as grandly as we had hoped, some of us helped and its the spirit that counts. After all the letters that I labored over to some of you about how to raise a little money as painlessly as possible, the Washington group came forth with their contribution produced by the simplest process ever divined, the plain little old fashioned piggy-bank. What could be easier.

Maybe that's an idea for collecting your own National dues — those two dollars you are always meaning to send in. In a few months, long before the year is over, you'll have the two dollars and you can quick send it in to Miss Hostetter at the Alumni Headquarters on campus and be a card carrying member. Let's see who can save it up the fastest.

Cordially Ellen Francke Irwin

MR. SCHATZ

MR. GILLETTE MR. AKSENAVICIUS MRS. McBRIDE

MR. GIRSON

INTRODUCING THE NEW SHIMER FACULTY

- Mr. Leo Schatz, of Brownsville, Texas, has his B.S. and M.S. degrees from Cornell University and has completed two years of advanced studies at the University of Minnesota. During the past year Mr. Schatz was employed by the U. S. Department of Agriculture as a physiologist. Mr. Schatz has published one research paper and has others in preparation. Mr. and Mrs. Schatz and their three children, Ellen, age 4, Harry, age 2 and Carol Dale age 8 months, will make their home in Mt. Carroll.
- Mr. Roy Gillette did his undergraduate work at Wayne University, Detroit, and received his doctor's degree from Washington University, St. Louis. He has taught general biology and embryology at Washington University, John Hopkins University, and in the College of the University of Chicago. He has been interested in the problems of general education at the college level and has had considerable experience with the University Chicago College courses in biology. His special research interests are in the chemistry and physiology of growth and development. Mr. Gillette and his wife Beatrice make their home in Williams Bay, Wisconsin. They have three daughters, Suzanne, 10, Jeanne, 8, and Alice, 2.
- Mr. Stan Aksenavicius attended the University of Kaunas in his native country of Lithuania from 1932 to 1936, and again in 1941-'42. From 1937 to 1939 he studied French and German at the Sorbonne in Paris. His career as a teacher in a gymnasium in Lithuania was terminated by his becoming a political refugee from the Communists. As a refugee scholar he taught in Germany until he was able to come to the United States in 1951. Finding it impossible to secure a teaching appointment in this country he accepted a clerical position with a business organization in Chicago. He is now serving as a member of the Shimer faculty as an intern for the purpose of becoming acquainted with American education. His major responsibility will be to assist in teaching French.
- Marguerite Poor McBride received her B.S. degree in the School of Library Science, Simons College, Boston, Mass. She has had five years experience in cataloguing, classification and reference work in the John Crerar Library, Chicago. She is the wife of D. Eldridge McBride who has been on the Shimer faculty since 1944. She was acting librarian at Shimer 1946-1947. They have two children ages six and eight.
- Mr. Morgan Gibson has come to Shimer College from the State University of Iowa where he received an M.A. in English Literature and taught contemporary world literature while

(Continued on page 8)-

completing most of the requirements for a doctorate. His understanding of literature as an art has been stimulated by participation in creative writing work shops there directed by Paul Engle, Robert Lowell, and other poets and novelists.

He believes he began preparing unconsciously to teach at Shimer when he entered fourth grade of the Laboratory Schools at the University of Chicago to remain through the high school and a year of the college. His convictions concerning liberal education were largely evolved from his experience there. He completed his undergraduate work at Oberlin College, was married the following summer, and is at present enchanted by a two year old daughter.

Mr. Gibson's other special interests are: William Blake whose fusion of art and religion is a source of faith and the subject of a dissertation he is preparing; painting and linoleum block printings and music, particularly folk songs which he plays on the recorder.

THE COLLEGE AND THE BAPTIST CHURCH

The first Baptist Church and Shimer College have had close and significant relationships which go back almost a century. They begin in 1854 when Frances Ann Wood, later Mrs. Shimer, and Cindarella Gregory, her associate in the Seminary, joined the Baptist Church, the thirty second and thirty third members of the congregation which had organized August 28, 1853. Dr. Henry Shimer joined in 1857, having been baptized as a boy in Chester County, Penn. by the Reverend J. V. Allison, who was the first minister of this church. The large circular window at the east end of the building was given by Dr. Shimer as a memorial to Rev. Allison.

Before the erection of the first church building, in 1854, Misses Wood and Gregory offered the use of the Seminary building to the church for its 'Sabbath School'; two years later the Church offered the use of its building to the Seminary. When the church building was destroyed in May, 1894, Miss Joy and Dr. Shimer served on the building committee, and Mrs. Shimer gave the pipe organ, used for fifty-five years until recently replaced. At a roll-call of the church in 1900 Mrs. Shimer contributed \$1000 to the "society so long sustained by the dear sisters, who have so nobly stood by the financial condition of the church." Likewise, every important fund-raising effort for the college undertaken in the community was led by Baptists.

The Rev. William Parker McKee, Dean of the Academy, frequently occupied the pulpit. The church clerk noted the thanks of the church for his "scholarly sermons and his kindness in ministering to us. The church takes special pleasure in calling particular attention (in the report to the Dixon Association) to the Frances Shimer Academy of the University of Chicago, the successor of the Mt. Carroll Seminary. Many of the teachers and pupils are members of the church, and more are members of the congregation . . . We rejoice in the progress the Academy makes and we have done our best to assist it in financial and moral support. We commend the Academy to the interest and affection of the churches of the Association."

In March, 1921, the Rev. George C. Fetter, the pastor, wrote in his letter of resignation: "It has been a privilege to minister to the students of Frances Shimer School. The opportunity of teaching Sociology in this institution has been a source of intellectual stimulus and development to me personally. I have also tried as best I could to fill an obligation which the church owes to the School because of the part Mrs. Shimer played in the early history of the church and the part the school has always played in its life and activity."

In the life of this church there has never been a time, after the first year, when there was not important partici-

(Continued on page 14)

SCATTERED FAMILY

Editor's note: Because the January issue of the Record was brief and the April issue was the Centennial program and the July issue was the Centennial number, much alumni news has accumulated. Many long and delightful letters have been omitted or drastically condensed and if the tenses of the verbs are wrong in some cases, please forgive the editor and send in the needed changes.

Mary Bryant Barthell was a campus visitor during the summer. We are always glad to have the 'old sem' girls return to see us.

Leona May Hess sent us an account of the death of her father, William H. Hess, in August, 1942, at the age of 99 years and six months. He received his first schooling in 1858 in the basement of the Mt. Carroll Seminary. Even in his late nineties he enjoyed recalling his acquaintance with Dr. and Mrs. Shimer and Miss Joy.

Ruth Stellhorn Mackensen is still with the Army Map Service. She called on Miss Pollard recently in her home in Middlebury, Vermont, for a morning's chat and wrote, "What a glorious time Polly is having."

Willo Coleman Wilkinson died suddenly on March 16 at her home in Los Angeles, Calif. She is survived by her husband and son, Robert.

Della Hinshaw Wheeler presented to the college recently two original serigraphs to be added to our print collection. Such gifts from alumnae are most welcome and useful.

Deceased on Sept. 10, 1952, Leota Blow (Mrs. William) Boetticher.

Dorothy Slick Jeddeloh writes, "We are busier than ever. My husband is market manager for Pure Milk Association and Sunday School Superintendent. I am working on my Master's degree from Indiana University and teaching reading in the department (Gr. 4-5-6) of LaSalle School at Mishawaka, Indiana." Dorothy has a daughter who is a Junior in High School and a son in the first grade.

Often we do not hear from our foreign students after they leave school. Selma Arosemena is an exception. For 18 years she has been working for HASMO, S.A. Distributers where she is Office Manager and Secretary and Treasurer of the company. Her address is P.O. Box 1272, Panama, R. of P.

Farilyn Crooker Storm is living in Indianapolis where she works as assistant office manager for a large Chevrolet dealer. She has a son 16 years old who is looking forward to engineering in College.

Marjorie Strong Brown was married to Charles Marko on November 1, 1952 at the Oneonta Congregational Church in South Pasadena, Calif.

Connie Bassett Rector and her husband, Lt. Colonel Roscoe G. Rector are on a three year tour of duty with the air force and are now living in Florence, Italy. Jean Cabeen hopes to visit them this fall.

1932

Almost a whole page of the Chicago Tribune on April 24 was devoted to Ruth Richardson Clarke and her sandwiches. A large picture showed Ruth at work and four other pictures showed the results of her skill. Ruth is a Home Economist with the American Institute of Baking, in Chicago.

Janette Frissell Weber, (Mrs. Frederick C. Weber, Jr.) has written a long and delightful letter of her activities. "I am up to my ears and have been for years in various board jobs around town as the Woman's Club, Y.W.C.A., Public Health Nursing and most recently the League of Women Voters. For the past two years I have been chairman of International Relations which has involved me with United Nations work which I love. My committee and I speak before church groups, schools, etc. on various subjects in general attempt to stimulate interest in the U.N. My most recent venture was to take 50 women into the U.N. and arrange for tickets, luncheon in the Delegates' Dining Room, and other details. It is interesting to note that the U.N. has become the No. 1 tourist sight-seeing tour in New York." Janette and her husband have recently announced the birth of a second daughter, Sally, on June 26. Their other children are Susan, age 11, and Stephen, age 5. Their address is 99 Maheer Ave., Greenwich, Conn.

Frances Summerville Machenheimer has been living for five years in Seattle, Wash. She visited campus in June with her husband and two children, Peter, age 9, and Kristine, age 7. Their address is 7015 S.E. 20th, Mercer Island, Wash. Mr. Machenheimer is manager of the Machenheimer Co. an office doing overloads of printing, typing and calculating for other concerns.

After four years in the army Madelyn Miller was in active reserve for a brief time and later graduated from U.S.C. in Journalism. Since then her work has been mainly publicity and public relations. She is in publicity for Bullock's Downtown, the leading Los Angeles retail store. Madelyn attended the luncheon in Los Angeles last fall. The talk by Dr. Wilcox she found most interesting. "The many changes he related were almost too much to believe."

Gertrude Wilkinson has been for fifteen years physical therapist at the Howe Orthopedic School in Green Bay, Wisconsin. During the past summer she served on the staff of the Cerebral Palsy Center in Madison, a joint project of the Wisconsin Association for the Disabled, the University of Wisconsin Medical School and the Bureau for Handicapped Children.

Martha Jane Fields has returned to her home town, South Bend, Indiana, where she will be in charge of the employee training program for Wyman's department store.

Ida Marie Gurney Kelly and her husband announce the birth of a son, John Franklin, on December 23, 1952.

Ann Orvis Cubbon and her two sons are with Mr. Orvis in Europe for two years. Perhaps we shall have a letter from Ann in our next issue.

Ruth Helen Rosholt Banghart and her husband announce the birth of a daughter, Susan, in Mill Valley, Calif. They have two boys, Jimmie and Kim.

From Marion McCarthy Allen: "The longer I am away from Shimer the more I reflect on old friends and all the good times we used to share while we were at Shimer . . . Needless to say, with four wild little boys, 6, 5, 3 and 2, running about, my periods of reflection are somewhat scattered, but ever so often thoughts of living in a woman's world once more strikes me as a very happy environment. We have been on the farm now for two years and though I still don't like it wholeheartedly, I find my self resenting less and less playing second fiddle to cows, chickens and the great outdoors." outdoors.

Mary Kellogg Johnson lives in Belvidere, Illinois. She has two boys and she and Marion see each other from time to

Shirley Bruns Nielson and her husband announce the birth of a son, David Bruce, on February 13, 1953 in Orange, New Jersey. 1940

Virginia Williamson was married on June 27 to Joseph J. Suess of Milwaukee, Wis. They are living in Hanover, Ill.

Mary Hall has announced the receiving of her M.D. degree at Marquette University with a bit of poetry of which we give you the last stanza:

'Tis now '53, the year of degree, And to old friends and family She'd like you to know It's been a long way to go,

But at last she's affixed that M.D.

Margaret Van Patter Flaten visited campus recently with her husband and two children, Paul, age 6, and Randi, age 4. Paul expects to return some day and ring the bell in Metcalf tower. Margaret recently represented Shimer College at the inauguration of the new president of Hamline University in St. Paul, Minn. The Flatens live in Wayzata, Minn. a suburb of Minneapolis.

1941 Alice Bro Racher received her M.D. degree from the College of Medicine of the University of Nebraska, in June in Omaha.

Dr. Emanuel and Alice Bro Racher announced the birth of a son, David Andrew, on October 10, 1952 in Omaha.

Elsie Howarth Yerkey has been our corresponding secretary for the Detroit area. Barbara Ramsey Wright and Elsie attended the Centennial in May. In regard to her activities Elsie wrote, "We have taken up the hobby of harness racing. We are now planning our stable which I would like to be on the order of Glengarry Stables." Elsie is President of American Legion Auxiliary Post 413 at Grand Blanc Michigan Grand Blanc, Michigan.

On July 4, Anne McKnight Rogosin won new honors in Naples, Italy, singing the title role in LaGioconda. Maestro Tulpio Serafin is quoted as saying, "She is the most promising American singer of the year. If she goes to the Metropolitan she will bring the house to its feet.

Myrtie Heinze Mohlman and her husband announce the birth of a son, Jonathan William, on June 28, 1953.

Betty Ann Taylor Schorger is living at 820 E. Alton St., Appleton, Wis. Her hus-and is in the advertising department of the Marathon Corporation, Menasha, Wisconsin.

Barbara Stoughton Goodrich and her husband announce the birth of a daughter, Vicki Diane, on April 8, 1953. They have a son Scott Judson, age 2.

Helen Elizabeth Young was married March 28 in Urbana, Ill. to Kenneth A. Mitchell of Chester, New Hampshire. Mr. Mitchell is employed at Bell and Howell in Optical Inspection in Chicago. Helen is employed in Spauldings Jewelry in the Drake Hotel, Chicago.

Judy Ritenour French is working for Sunset Magazine. Her address is 751 De-

Sota Drive, Palo Alto, Calif.

1944 Since finishing her work at Smith College, Caroline Koch has held two chemical lab jobs in Chicago. Since September, '52 she has been at the University of Illinois working on a Masters in Chemistry which she will get at the end of the summer session.

Mr. and Mrs. Harris Crane (Ilene Greenberg) announce the birth of a son Samuel Robert on February 14, 1953.

Betty Bisdorf was married on June 14, 1953, to Dr. C. L. Layton, Jr. at Bellevue, Iowa. They will make their home at Hon-olulu, Hawaii, where Dr. Layton will be on the staff of the Strong-Carter dental clinic for children. For the past three years Betty has been girls' counselor at Muscatine high school. Dr. Layton served four years as a navy pilot and graduated in June from the college of dentistry at the University of Iowa.

Janet Creith Harrison and her husband

announce the birth of a son, Michael Kay,

on March 13, 1953.

1952 was an eventful year for Jean Osgood. In May she toured Virgin Islands, Puerto Rico, Haiti and Jamaica. On July 3 she was married to E. James Nelson and took a wedding trip thru Canadadestination Montreal. They are now living in Chicago where Mr. Nelson is employed by General Motors, Electromotive Divi-sion and Jean by Ford Motor Co. — Aircraft Engine Division

Dorothy Johnson Glonek is now living in Daly City, Calif. and thinks this moving around is the only drawback to being a F.B.I. agent's wife. She is still working for United Air Lines and finds her co-workers in San Francisco just as fine to work with as they were in Los Angeles.

1946

Peggy Knapp Trenton is living in Jack-sonville, Florida where her husband is salesman with Uarco, Inc. Their address is 1360 Huffingham Lane. They have a nice brick house in the country and after living in crowded Chicago the country space and air seems wonderful to their two daughters, ages 4 and 3 and "to their Boxer pup, Major."

Betty Weidler McReynolds and her husband have moved into a lovely new home in Arlington Heights. They have three

children.

Mr. and Mrs. George S. Blanchard (Caroline Williams) announce the birth of a son, Richard Sheldon, on January

Rita Montag was married on Nov. 2, 1952 to Bernard Berks, a lawyer in Chicago. They are living at 2028 W. Lunt

Ave., Chicago.

Marjorie Cox has been employed as a stenographer in a welfare department for a year and a half. She likes her work very much, has recently bought a new Ford, and took a plane trip for her vacation this summer. Her address is Box 154, Summitville, Ind.

Any of you Chicago Alums have a suppressed desire to learn Ceramics, Weaving, Sculpture, Firing enamels, Silk screen? All these things are handcrafted and taught by Florence Spuehler and her associate, 'Nell,' in a creative Workshop which they have recently opened at 120 East Delaware Place, Chicago, Ill. Telephone Whitehall 4-5328.

And more than that. For a imited time they offer eight hours of free instruction

with each purchase of their ceramic kit at a price of only eight dollars. Their announcement card is most attractive.

Doris Gunter Streib writes, "We have moved to Iowa City, Iowa. My husband is on the faculty of the University of Iowa and is teaching Engineering Drawing. We bought a home in Coralville, which is a suburb of Iowa City and have which is a suburb of Iowa City and have been very busy getting acquainted with our new environment. Our address is 408

Chapman, Route 1, Iowa City, Iowa.
G. Forbes Bastian, Marine Corps, husband of Carol Spiering was killed in a plane crash recently in New Orleans, La. The accident happened when a navy plane taking Marine reservists to New Orleans crashed into a drainage canal and killed five occupants. Carol and her husband have been living in New Orleans.

Mr. and Mrs. Ralph Gifford, Dona Schoening, announce the birth of a son, Timothy Ralph, on November 30, in Lan-

ark, Ill.

Donna Zipprich McEncroe and her husband announce the birth of a second son, on July 3, 1952. They have moved to 632 Brent Ave. So. Pasadena, Calif.

Joyanne Blount is now Mrs. Frederick Mills. They are living in Urbana, Ill. Faculty Apts. 300 S. Goodwin St.

Such a good letter from Barbara Walther deserves to be printed intact: "I hear you are now a part of the University of Chicago. Congratulations. I surely miss 'ye good ole' days at Shimer and that 'ole' gang o' mine." It's wonderful to receive the Shimer News so I can keep up on everyone. All are married and have children but me I are still single and happyy dren but me. I am still single and happy.

After I graduated from Shimer in '47 I attended the University of Oklahoma for one year. Then I spent two years at Chillicothe College in Missouri from which I received a diploma in Junior Accounting and also my secretarial training. At present I am a secretary for my brother in the Walther Motor Company. After the new year I want to attend the University of Illinois or enter training to become an airline stewardess. I know that whatever I do decide to do my training and the I do decide to do my training and the poise I learned at Shimer will be at my side."

After two years at Oberlin Alice Shaddle entered the Art Institute of Chicago. Right now she is taking a general course but her goal is to be some day an artist in residence at Shimer.

A fine appreciative letter came from Patricia Doud Rolfsen. She gave good news of herself. "After leaving Shimer, I continued my art work by doing Interior Decorating in Rochester's largest department store. I also tried to carry on the excellent training given me by Madame Scott by singing in our church choir and with the Rochester Grand Opera Com-pany. For seven years I have been a fashion model which keeps me busy two and three days a week. Have done quite a bit of work with the Children's Theatre through our Junior League here, and this year I have been made chairman of that project.

Delores Wilhelms was married June 27 to J. Harlan Meiners. They are living in Ashton, Ill. Mr. Meiners is in the Advertising Department of Crest Foods.

Mr. and Mrs. Paul Haenel (Nancy Binner) announce the birth of a son, William Paul, on March 1, 1952 in Evanston, Ill. They are living in Denver, Colo.

1951

A letter from Mary Lou Lundgren from Tokyo, Japan: "Since I've been in the army I've seen quite a bit of the country. Illinois to Virginia to California to Japan takes in quite a bit of territory... Japan is a fascinating country. The people, customs foods are all so different. I'm really toms, foods are all so different. I'm really enjoying it here. I work in the file section of D-4 (supply) at Pershing Heights. That is the name given to the head quarters of the Far East Command. G-4 is on the top floor of the building and General Mark Clark's offices are on the second. There are three flag poles in front of the building. One is used if there is a visitor from another country at the Headquarters. For instance the South Korean flag was flown the day a South Korean Air Force Colonel was there. Our own flag is flown from one of the poles and the U.N. flag is flown from the center pole. That's really a beautiful flag and one the whole world should be proud of. Every night at retreat as hence guard lowers there flags." retreat an honor guard lowers those flags.'

Mary Lou would appreciate news from her friends. Her address is:

Private Mary L. Lundgren W.A. 8505440 G-4 File Section HqsF E C

APO 500, c/o Postmaster, San Francisco, California.

Nancy Ann Hommedew was married to Maurice Dean Houston in Mt. Carroll on September 6. Nancy last year attended September 6. Nancy last year attended Iowa State College, Ames, Iowa. Mr. Houston is a graduate of Iowa State where he received his B.S. degree in ceramic engineering in June. He is employed by the Cincinnati Milling Company. They will reside at 3536 Washington Avenue, Cincinnati, Ohio.

ACROBATIC ACTIVITY FROM CENTENNIAL RECORD

(Continued from page 8) pation by the people of the Church in the College program and leadership.

(The preceding article was read by President A. J. Brumbaugh at the Baptist Church on May 10, 1953, at the beginning of the Centennial year of the Church. The church in co-operation with the college is raising a fund with a goal of \$2000 to be shared by the Church and the College. A generous donor has pledged to match any amount raised by the campaign up to \$1,000; more than \$400 has been raised and the fund is growing. Your gift to the Centennial fund can be sent by December 1, 1953 to the First Baptist Church c/o Mr. Nathaniel Miles, Mt. Carroll.)

ART EXHIBITION

An exhibition of works by students from the Shimer College art deshown partment was at Mandel Brothers in August. The Sun-Times Art reporter commented, "The exhibition which will continue throughout the month, is by no means that of a professional art school. Shimer students, who evidently are given a great deal of freedom, are encouraged to consider art in its broader and cultural aspects. The outstanding exhibitor in the show is Norman Wilson of Chicago. With some two dozen works on view Wilson displays an interest in many forms of expression, including conservative, abstract, surrealist and non-objective. . . . His caricature in pastel, "Rex Styzens," is especially well done." Other Chicago students mentioned are Sally Wanzer and Erin Libby.

Blendon Kneale, art instructor at Shimer, included a large group of his own water colors and oils and Mrs. Kneale showed pieces of sculpture and pottery.

WEST HALL LOUNGE

As usual there has been some refurnishing of lounges and student rooms this fall. Twelve new chairs went to Hathaway rooms, a little more masculine in appearance than the older ones with the flounces, but best of all are the new furniture and drapes in West Hall Lounge. Gifts from trustees, alumni and friends have made possible couches, chairs, tables and two Welch dressers of Rank Oak, and deep red drapes, apron length, of sail cloth which make the room bright and homelike. More gifts are needed to complete the furnishings. HOW ABOUT MAKING THIS THE PROJECT FOR YOUR ALUMNI GROUP THIS YEAR?
